SG4:15

Preventing Falls in Scaffolding Operations

Simon Hughes

SG4:15 Launch

- Working Party Formed March'15
- HSE involvement – PGG Process
- Thorough review
- Updated to reflect:
 - New technical guidance (TG20)
 - Industry good practice
 - Innovations
- Free download from NASC website
- Hard copies and SG4:You

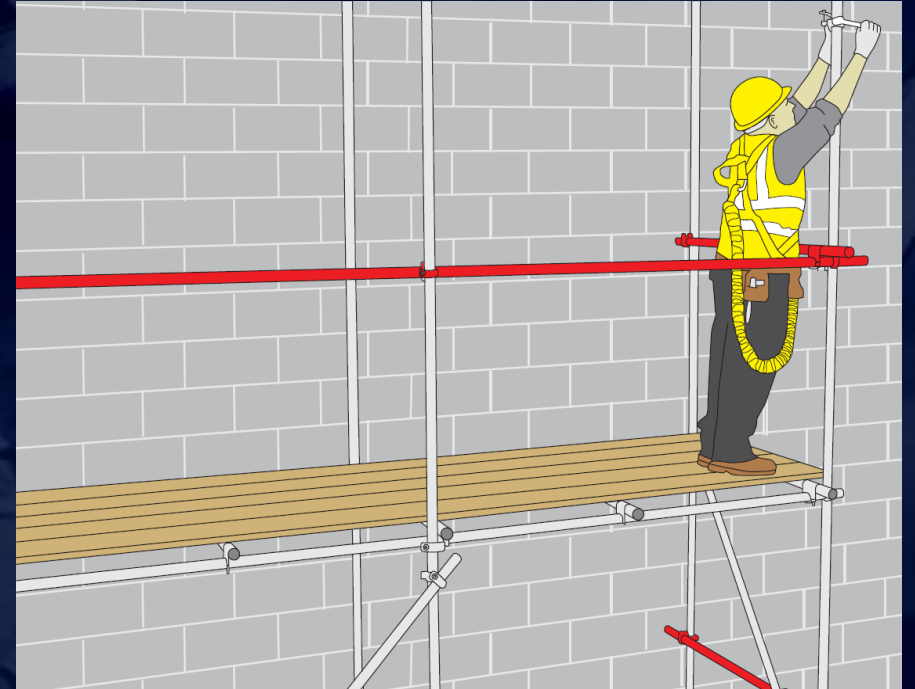

“SG4 Works! The NASC accident statistics speak for themselves and in light of these; this revision has been more of a fine-tuning exercise rather than trying to reinvent the wheel...”

Kevin Ward, NASC Immediate Past President

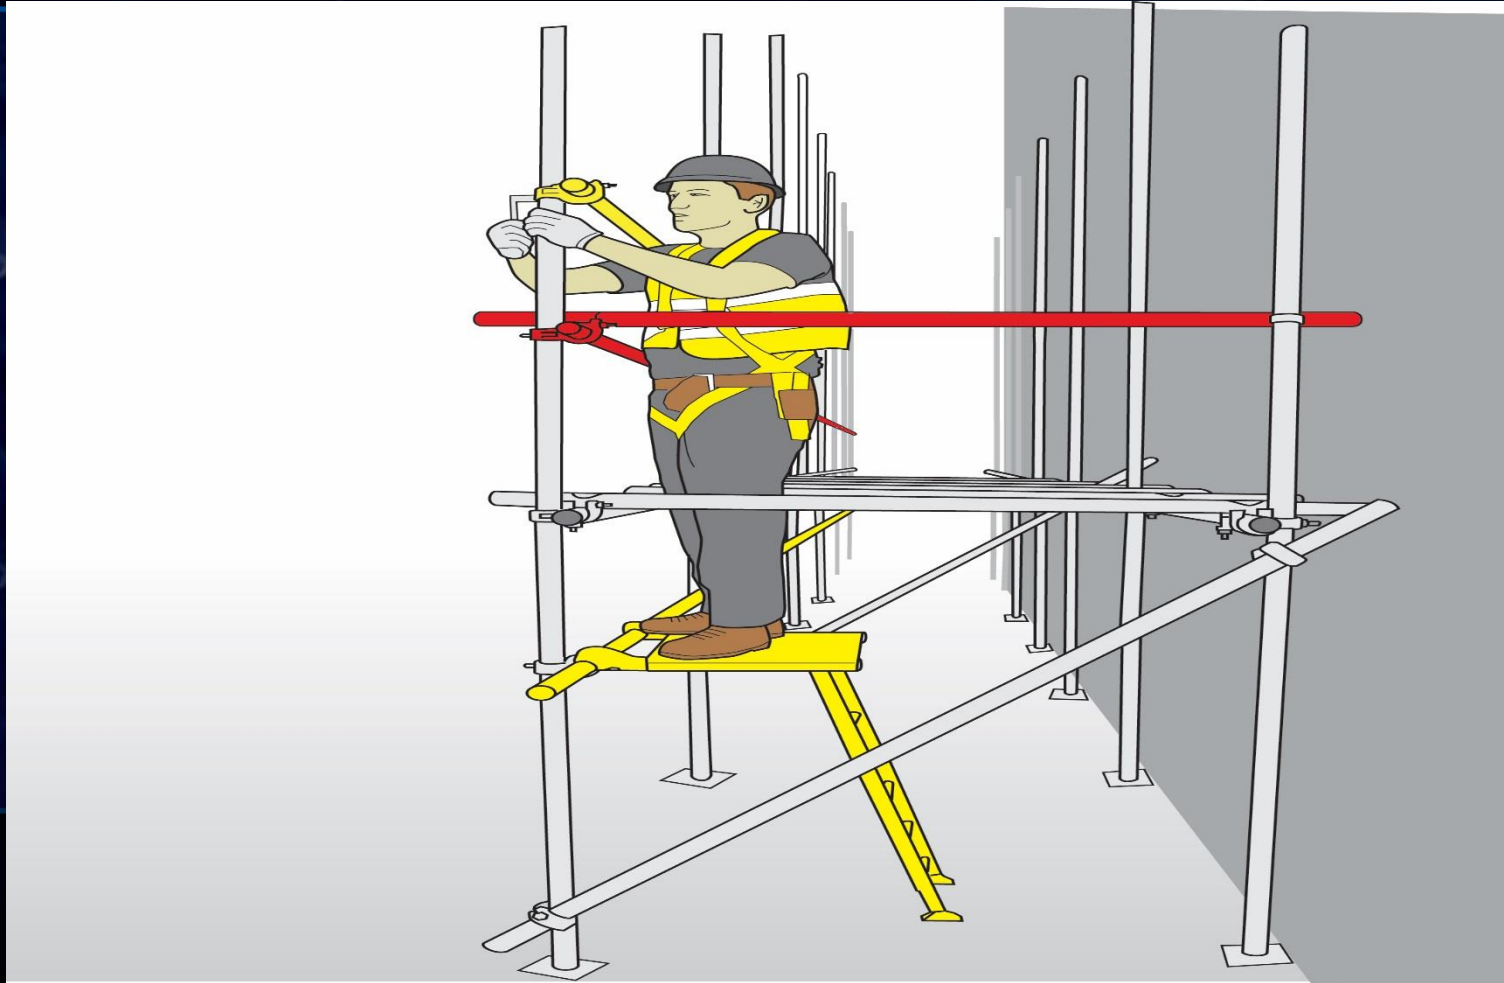

- Principles remain unchanged
- Follows Work at Height Regulations
- New title reflects the focus of the guidance
- Priority – Scaffolders' Safe Zone
