

SCAFFOLDING ANCILLARY SERVICE OF THE YEAR AWARD

NAME OF COMPANY:	Excel Training International (ETI) Ltd
COMPANY WEBSITE:	www.etihealthandsafety.com
1.	What services/products does your company provide? <i>(Please use bullet points if more than one).</i>
	<ul style="list-style-type: none"> ➤ CISRS SSPTS Course Development. ➤ CISRS Basic Scaffold Inspection. ➤ CISRS COTS. ➤ Scaffolding Industry advice to construction managers and supervisors. ➤ Onsite Scaffolding validation, audit, and inspection services. ➤ Expert Witness to assist in claims against scaffolding companies. ➤ Subject Expert for the Scottish Qualifications Authority (Scaffolding) <p>Standby CISRS record scheme service provider to CISRS approved centres in the event they need a CISRS instructor at short notice.</p>
2.	What benefit do these services/products provide to scaffolding contractors?
	<p>The above services provide NASC members with scaffolding industry training courses and advise when required all of which is provided by someone that has been in with scaffolding industry since 1976 in roles from scaffolding apprentice to scaffolding chargehand, supervisor, manager, instructor/assessor, and external verifier(scaffolding). Being able to provide a CISRS instructor to cover Part 1, Part 2 and Advanced courses to centres at short notice helps NASC members to ensure their staff will be trained as scheduled and to minimise the impact of having training cancelled. I believe that the wealth of experience I have within the scaffolding industry serves NASC members and other construction organisations with a high-quality, reliable service that ultimately keeps the scaffolding industry moving forward.</p>
3.	Why do you feel the services/products that your company provides should receive special recognition from NASC members?
	<p>One reason for our company to receive special consideration within this category is that we are scaffolding specialists offering our services both nationally and internationally, offshore, and onshore. We have provided training in the UK, Dubai, Denmark, Singapore, Doha, and Saudi Arabia. Part of our service includes developing bespoke courses with scaffolding drawings packaged to meet our customers training needs and outcome expectations.</p> <p>Thank you for considering our application for this award.</p>
