3.	Why do you feel the services/products that your company provides should receive special recognition from NASC members?
	<p>I have worked within the scaffolding industry for nearly 3 years prior to setting up NexGen so we are able to bridge the gap between the scaffolding contractors and our insurers because of this.</p> <p>We understand what type of cover scaffolding contractors require. NexGen has reached a milestone of our 5<sup>th</sup> birthday and I am proud of how we got here and where we are going! Being recognised as a scaffolding specialist has always been our aim!</p>
