

## SCAFFOLDING ANCILLARY SERVICE OF THE YEAR AWARD

NAME OF COMPANY:	Brady Corporation T/A Scafftag
COMPANY WEBSITE:	<a href="http://www.scafftag.co.uk">www.scafftag.co.uk</a>
1.	What services/products does your company provide? <i>(Please use bullet points if more than one).</i>
	<p>Visual tags and identifiers to assist with not only the inspections due, but in the communication of these inspections to the workers.</p> <p>Not sure where to start? In the first instance you can talk through your requirements (or site issues) with our team and we'll guide you.</p> <p>Need something electronic to minimise paperwork and duplication of reports – then look at our RFID system (SafeTrak) which streamlines reports whilst still keeping the visual element on the assets (scaffold, ladder, scaffold tie, barrier, handrail, gantry, tower, harness or tool)</p>
2.	What benefit do these services/products provide to scaffolding contractors?
	<p>Taking away any grey area around an inspection. Can I enter? Can I use this? Is it in date. A simple and immediate yes/no. If it's showing 'yes' and it should be a 'no' instantly change the status ensure you increase worker safety and workplace compliance with a clear, reliable, practical and fully customisable visual safety management system that supports efficient safety inspections for any asset at the point of use.</p>
3.	Why do you feel the services/products that your company provides should receive special recognition from NASC members?
	<p>We have a plethora of solutions that not everyone is aware of. We support businesses and employees 'get home safe, every night'. We take the guess work out of work equipment, tools and areas .. there is no question or deliberation .. there are no excuses.</p> <p>Adding a logo, designing in company colours or providing a bespoke solution for specific hazards is drawn from over 40 years of experience. There is no need to 'make do' we can help you 'make it work' and getting the best solution for all involved.</p>
